PgMP® Examination Preparation Course

About the programme:

Preparation for the PgMP® examination through programme-management concepts, strategic alignment, stakeholder communication and practice questions. PMI eligibility, application, panel review and examination requirements are separate; course attendance does not award the credential or guarantee success.

Objectives:

Developing participants' skills, knowledge, values and professional approaches in:

a. Understand the Role of a Certified Program Manager: Provide an in-depth understanding of the role and significance of a PgMP® in achieving organizational strategic objectives.

b. Learn Global Standards and Best Practices: Study international standards and best practices approved by PMI® for program management.

c. Prepare for the PgMP® Exam: Deliver comprehensive preparation for the certification exam, including exam methodology and sample questions.

d. Develop Strategic and Leadership Skills: Enable participants to apply effective program management strategies in their work environments.

e. Leverage Modern Trends in Program Management: Cover emerging trends and digital transformation tools that impact program management.

Target audience:

a. Program and Project Managers: Individuals managing multiple programs or working in multi-project environments.

b. Leaders in Government and International Organizations: Those interested in enhancing their strategic and leadership skills in institutional program management.

c. Digital Transformation Professionals: Those working on projects and programs focused on implementing or managing digital transformation initiatives.

Daily programme:

• Day 1: Introduction to programme management and the PgMP® role

a. Definition of a programme and the differences between projects, programmes and portfolios

b. The role of the programme manager in achieving organisational strategic objectives

c. Overview of the PgMP® standards and the knowledge areas the examination covers

d. Programme life cycle phases and the governance structure that oversees them

e. Case study: classifying a set of initiatives as projects, programmes or a portfolio

f. Day output: programme definition and governance outline

• Day 2: Strategic planning and resource management

a. Designing integrated programmes that support the organisation's strategic vision

b. Effective resource management across the component projects of a programme

c. Risk forecasting and change management in large-scale programmes

d. Benefits identification, realisation planning and transition to operations

e. Workshop: building a benefits register and resource plan for a sample programme

f. Day output: benefits register and programme resource plan

• Day 3: Stakeholder management and communication

a. Identifying and assessing key programme stakeholders and their influence

b. Strategies for effective communication and managing stakeholder expectations

c. Balancing organisational interests with stakeholder needs in programme decisions

d. Stakeholder engagement planning across the programme life cycle

e. Workshop: preparing a programme stakeholder engagement and communication plan

f. Day output: stakeholder engagement plan

• Day 4: Leadership and strategic decision-making

a. Developing leadership capabilities in multi-programme environments

b. Making critical decisions based on data and situation analysis

c. Strategies for motivating and influencing programme teams in large initiatives

d. Emerging trends and digital tools that support programme leadership

e. Case study: resolving a resource conflict between two component projects

f. Day output: decision record with options, criteria and rationale

• Day 5: PgMP® examination preparation

a. Comprehensive review of the examination components and the concepts they test

b. Working through sample questions and analysing the reasoning behind each answer

c. Mock examination practice with review of results by domain

d. Examination strategies, time management and common mistakes to avoid

e. Workshop: timed mock examination followed by a domain-by-domain results review

f. Day output: personal study plan targeting weaker domains

Training methods and certificates:

Our programmes are built on modern pedagogy that combines theoretical knowledge with practical application, in line with participants' needs and the demands of the workplace. Methods include:

- **Interactive workshops:** analysis of real data and group discussions that strengthen practical understanding.
- **Case studies:** examples from international organisations that highlight real successes and challenges.
- **Realistic simulations:** participants train through professional scenarios that mirror real situations requiring decisions and situation management.
- **Advanced tools and technologies:** hands-on practice with up-to-date training software and tools suited to each field.

Certificates:

On successful completion, participants receive a certificate issued by CINPAA, a training institute officially registered in the European Union, Spain and the United Kingdom.

CINPAA - Cooperative International for Training and Consulting

Our programmes are delivered within academic and professional partnerships, cooperation agreements and memoranda of understanding with a number of academic and professional institutions, including:

- **Camilo José Cela University - Spain**
- **ISDE - Law & Business School - International**

- **Professional Development Institute - United Kingdom**

These partnerships aim to exchange expertise, develop training content and raise programme quality in line with international best practice.

Kind regards,
International Programmes Department
