Advanced Program Management: Strategic Leadership and Effective Delivery

About the programme:

This programme connects advanced programme management with strategic leadership and delivery, focusing on the coordination required to direct large-scale programmes towards organisational objectives.

Objectives:

Developing participants' skills, knowledge, values and professional approaches in:

a. Enhance Strategic Leadership Skills: Equip participants with advanced leadership skills to steer large-scale programs towards organizational success.

b. Master Effective Program Delivery: Develop the ability to deliver complex programs on time and within scope, ensuring alignment with strategic goals.

c. Improve Decision-Making and Problem-Solving: Strengthen the capacity for making critical decisions in high-pressure environments using data-driven approaches.

d. Adapt to Emerging Trends and Technologies: Incorporate modern tools, technologies, and methodologies to optimize program management in a digital landscape.

e. Ensure Stakeholder Alignment and Engagement: Build skills to effectively engage and align diverse stakeholders to support program success.

Target audience:

a. Senior Program and Project Managers: Professionals responsible for managing complex and strategic programs within organizations.

b. Government and International Organization Leaders: Executives who oversee large-scale, multi-project initiatives aimed at driving organizational transformation.

c. Technology and Innovation Leaders: Individuals working in roles related to digital transformation and technological advancement in program management.

Daily programme:

• Day 1: Strategic leadership in programme management

a. The role of strategic leadership in programme success and failure

b. Aligning programme objectives with organisational strategy and policy

c. Balancing long-term vision with short-term programme goals and milestones

d. Sponsorship, governance boards and the leader's relationship with them

e. Case study: analysing a strategic programme that delivered outputs but missed its intended benefits

f. Day output: strategic alignment check for the participant's programme

• Day 2: Programme delivery excellence

a. Techniques for delivering large and complex programmes on time and within scope

b. Key performance indicators and metrics for programme success

c. Implementing agile methods for flexibility in programme delivery

d. Integrating schedules and dependencies across component projects

e. Workshop: designing a programme KPI set and dependency map

f. Day output: programme performance dashboard design

• Day 3: Advanced decision-making and problem-solving

a. Data-driven decision-making strategies for programme managers

b. Managing uncertainty and risk in complex programmes

c. Critical thinking and structured problem-solving in dynamic environments

d. Decision escalation and making critical choices under time pressure

e. Workshop: structured problem-solving exercise on a delayed critical-path component

f. Day output: problem analysis and recovery options paper

• Day 4: Stakeholder alignment and engagement

a. Identifying key stakeholders and understanding their interests and concerns

b. Building consensus and maintaining support throughout the programme life cycle

c. Communication strategies for diverse and international stakeholder groups

d. Handling opposition and renegotiating expectations when scope changes

e. Case study: rebuilding stakeholder support after a publicly reported programme delay

f. Day output: stakeholder alignment strategy

• Day 5: Emerging technologies and the future of programme work

a. Digital tools for efficient programme management: AI, automation and management software

b. The impact of digital transformation on programme management practice

c. Leading remote, virtual and hybrid programme teams

d. Building a personal leadership agenda for complex programme delivery

e. Workshop: selecting and piloting digital tools for a programme management office

f. Day output: programme technology roadmap and leadership agenda

Training methods and certificates:

Our programmes are built on modern pedagogy that combines theoretical knowledge with practical application, in line with participants' needs and the demands of the workplace. Methods include:

- **Interactive workshops:** analysis of real data and group discussions that strengthen practical understanding.
- **Case studies:** examples from international organisations that highlight real successes and challenges.
- **Realistic simulations:** participants train through professional scenarios that mirror real situations requiring decisions and situation management.
- **Advanced tools and technologies:** hands-on practice with up-to-date training software and tools suited to each field.

Certificates:

On successful completion, participants receive a certificate issued by CINPAA, a training institute officially registered in the European Union, Spain and the United Kingdom.

CINPAA - Cooperative International for Training and Consulting

Our programmes are delivered within academic and professional partnerships, cooperation agreements and memoranda of understanding with a number of academic and professional institutions, including:

- **Camilo José Cela University - Spain**
- **ISDE - Law & Business School - International**

- **Professional Development Institute - United Kingdom**

These partnerships aim to exchange expertise, develop training content and raise programme quality in line with international best practice.

Kind regards,
International Programmes Department
