AVIRA Leadership: Awareness, Vision, Imagination, Responsibility & Action

About the programme:

AVIRA is a learning experience aimed at leaders at the very top level of their companies.

Objectives:

Developing participants' skills, knowledge, values and professional approaches in:

a. The program enhances understanding of the complex interdependency between responsibility and decision-making and the implementation process, taking action at the top. AVIRA is designed to explore the five critical dimensions within the role of a Leader:

b. AWARENESS: What is the leader's job today? What is your role today? What is expected of the leader in uncertain times?

c. VISION: What is the big, bold, ambitious vision for your future? What is the vision for global corporations and its critics? What to do when visions are in conflict?

d. IMAGINATION: Creativity and its role in strategic thinking. Thinking outside of the normal leadership role. Tapping into the vast resource of imagination in others.

e. RESPONSIBILITY: How to demonstrate and create personal accountability in leadership. Managing high risk at the top of organizations.

f. ACTION: The path ahead. Personal and organizational reinvention. Meeting challenges.

g. Methods of communicating the organizational awareness to the community

h. Organizational Impact

i. Executives attending this event will take greater responsibility for their impact on the culture of the organization. They will understand the link between values and behavior standards in their teams and staff. They will have been exposed to, and will have practiced, techniques in competencies that are essential in the role of an executive leader. They will also see the benefit of integrating such competencies to provide a proactive support to their managers within an organization.

j. Personal Impact

k. Increase personal capability to master the complexity of top management jobs in an uncertain world. Expand insights into the challenges responsible business leaders and corporations are likely to face in the future. Build a close-knit and valuable network of executives.

l. Competencies Emphasized

m. Exploring the power of leadership competencies

n. How to apply leadership at senior level in the organization

o. Strategic planning, succession planning and career planning

Training methods and certificates:

Our programmes are built on modern pedagogy that combines theoretical knowledge with practical application, in

line with participants' needs and the demands of the workplace. Methods include:

- **Interactive workshops:** analysis of real data and group discussions that strengthen practical understanding.
- **Case studies:** examples from international organisations that highlight real successes and challenges.
- **Realistic simulations:** participants train through professional scenarios that mirror real situations requiring decisions and situation management.
- **Advanced tools and technologies:** hands-on practice with up-to-date training software and tools suited to each field.

Certificates:

On successful completion, participants receive a certificate issued by CINPAA, a training institute officially registered in the European Union, Spain and the United Kingdom.
CINPAA - Cooperative International for Training and Consulting

Our programmes are delivered within academic and professional partnerships, cooperation agreements and memoranda of understanding with a number of academic and professional institutions, including:
