Humanitarian Supply Chain and Logistics Management

About the programme:

A specialised programme that develops supply chain and logistics management to support the efficiency and continuity of humanitarian and development operations.

Objectives:

Developing participants' skills, knowledge, values and professional approaches in:

a. Improve supply chain planning and management.
b. Develop the efficiency of logistics operations.
c. Strengthen operational continuity and resilience.
d. Support coordination between supply and operations.
e. Develop a contingency supply plan for supplier or transport disruption, prioritising humanitarian needs.

Target audience:

a. Supply chain managers and officers
b. Logistics managers and officers
c. Humanitarian and development operations managers

Daily programme:

• Day 1: Humanitarian supply chain strategy

a. Analysing supply networks, demand patterns and lead times
b. Defining critical service levels for humanitarian supplies
c. Supply chain models for emergency and protracted operations
d. Coordination between supply, programme and operations teams
e. Case study: reviewing the supply network of a humanitarian operation
f. Day output: supply network map with critical service levels

• Day 2: Logistics planning

a. Forecasting needs and planning transport routes and modes
b. Balancing time, cost and risk in logistics decisions
c. Warehousing options and their fit with operational needs
d. Customs, access and documentation requirements in transport planning
e. Workshop: planning delivery routes for relief items under access constraints
f. Day output: logistics plan with route options

• Day 3: Inventory and distribution management

a. Safety stock policies for essential humanitarian items
b. Tracking distribution and delivery to the last point of service
c. Stock control, losses and accountability for relief commodities
d. Digital tracking tools for stock and shipment visibility
e. Workshop: setting safety stock levels for a list of essential items
f. Day output: inventory policy with safety stock levels

• Day 4: Operational coordination

a. Sharing supply data across teams and partner organisations

b. Assigning handover responsibilities between supply stages

c. Joint logistics arrangements and shared services among agencies

d. Supply reporting that supports operational decisions

e. Workshop: designing handover points and supply reports between teams

f. Day output: handover responsibility chart and reporting format

• Day 5: Continuity and risk in supply chains

a. Supplier or route disruption scenarios and their likely impact

b. Supply alternatives and recovery indicators after disruption

c. Prioritising humanitarian needs when supplies are limited

d. Developing a contingency supply plan for transport disruption

e. Case study: responding to the failure of a key supplier during an emergency

f. Day output: contingency supply plan with recovery indicators

Training methods and certificates:

Our programmes are built on modern pedagogy that combines theoretical knowledge with practical application, in line with participants' needs and the demands of the workplace. Methods include:

- **Interactive workshops:** analysis of real data and group discussions that strengthen practical understanding.
- **Case studies:** examples from international organisations that highlight real successes and challenges.
- **Realistic simulations:** participants train through professional scenarios that mirror real situations requiring decisions and situation management.
- **Advanced tools and technologies:** hands-on practice with up-to-date training software and tools suited to each field.

Certificates:

On successful completion, participants receive a certificate issued by CINPAA, a training institute officially registered in the European Union, Spain and the United Kingdom.

CINPAA - Cooperative International for Training and Consulting

Our programmes are delivered within academic and professional partnerships, cooperation agreements and memoranda of understanding with a number of academic and professional institutions, including:

- **Camilo José Cela University - Spain**
- **ISDE - Law & Business School - International**
- **Professional Development Institute - United Kingdom**

These partnerships aim to exchange expertise, develop training content and raise programme quality in line with international best practice.

Kind regards,
International Programmes Department
